

SUBHADEEP DAS

Frontend Software Engineer — React.js — Next.js — TypeScript — AI-Assisted Development

Kolkata, India — dassubhadeep631@gmail.com — +91 9874669132

LinkedIn — GitHub — Portfolio

PROFESSIONAL SUMMARY

Frontend Software Engineer with 2+ years of experience building production-ready web applications using React.js, Next.js, and TypeScript. Experienced in enterprise dashboards, real-time communication, WebRTC audio/video calling, video streaming, API integration, state management, and frontend performance optimization. Strong in reusable component development, frontend architecture, debugging, and AI-assisted development using Claude Code to accelerate engineering workflows.

PROFESSIONAL EXPERIENCE

Software Engineer – Frontend (React.js / Next.js)
WebArt Technology

Jul 2025 – Present
Kolkata, India

- Engineered a real-time messaging platform supporting **160+ internal users and 10,000+ daily messages** using React.js, Redux Toolkit, and Socket.IO.
- Delivered one-to-one and group messaging with file sharing, typing indicators, message reactions, conversation management, and real-time updates.
- Implemented audio and video calling using **WebRTC**, handling STUN connectivity, ICE candidate exchange, signaling, peer connection lifecycle, and connection recovery.
- Optimized large conversation histories using **React Virtuoso virtualization** to maintain responsive rendering and smooth user interactions.
- Contributed to **Imboxo**, a multi-role video streaming platform supporting User, Creator, and Studio workflows.
- Integrated HLS-based video streaming using **Google Shaka Player** with AWS S3-hosted media assets for scalable content delivery.
- Developed creator analytics dashboards covering watch-time, purchase activity, revenue visualization, and DRM-related workflows.
- Guided interns through code reviews and supported improvements in frontend architecture, performance, state management, and maintainability.

Software Engineer
Brainium Information Technologies Pvt. Ltd.

Apr 2024 – Jun 2025
Kolkata, India

- Delivered administrative dashboards for **RailTel's vendor and purchase-order management platform**, serving **224+ vendors and 10,000+ purchase orders**.
- Engineered bulk CSV ingestion supporting files up to **20 MB** using Papa Parse and Zod with schema validation, duplicate detection, and detailed error reporting.
- Created hierarchical Purchase Order visualization using recursive rendering for complex parent-child relationships.
- Implemented role-based user management and access-control interfaces for administrative workflows and permissions.
- Built reusable React components and data-intensive interfaces using TanStack Table for enterprise workflows.
- Designed client-side and server-state management using Redux Toolkit, RTK Query, Zustand, and TanStack Query.

TECHNICAL SKILLS

Languages

JavaScript (ES6+), TypeScript

Frontend

React.js, Next.js, HTML5, CSS3, Tailwind CSS, shadcn/ui, Bootstrap, Material UI

State Management

Redux Toolkit, RTK Query, Zustand, Context API

APIs & Data

REST APIs, GraphQL, Axios, TanStack Query, SWR

Real-Time & Media

Socket.IO, WebSockets, WebRTC, HLS, Google Shaka Player

Performance

SSR, SSG, Code Splitting, Lazy Loading, React Virtuoso, Light-house

Testing

Jest, React Testing Library

Cloud & Deployment

AWS S3, Firebase, Vercel

AI & Development

Claude Code, AI-Assisted Development, Prompt Engineering, LLM-Powered Applications, Agentic Workflows

EDUCATION & CERTIFICATIONS

M.Sc. in Computer Science
Barrackpore Rastraguru Surendranath College

2020 – 2022

B.Sc. in Computer Science
University of Calcutta

2017 – 2020

Certifications: Frontend System Design – NamasteDev, 2026 — Namaste React – NamasteDev, 2024
